

# Mohammed Swarim Khan

## Software Developer

With over 3 years of experience in software development, I am a driven and passionate technology enthusiast with a talent for developing high-quality, versatile web applications. My skills and experience have equipped me with the ability to tackle complex technical problems with creativity and efficiency, and I thrive on the challenges that come with programming and automation. My strong interest in the fields of software development and cybersecurity drives my ongoing curiosity and passion for the industry, and I am excited to continue contributing my expertise to this exciting field.

### EMPLOYMENT HISTORY

#### Oct 2022 - Software Development Engineer - 1

##### Present *Quantive (formerly Gtmhub), Indore*

- As a developer at Quantive, my primary responsibility involves enhancing and developing new features for the web application, Quantive Signals (formerly Cliff.ai).
- Along with feature development, I am also responsible for regularly scanning the application for bugs and vulnerabilities and ensuring that they are fixed.
- Most recently, I am working on implementing the billing and metering feature into Quantive Signals

#### Jan 2020 - Automation Developer

##### Sep 2022 *Deloitte USI, Bengaluru*

- As an automation testing developer, my primary responsibility involved developing and implementing automation scripts for proprietary applications.
- The goal of my work was to ensure that the applications were functioning correctly and efficiently and to identify and fix any issues that arose during the testing process.
- I primarily used programming languages such as C# and VBScript to create these automation scripts and was responsible for debugging and enhancing existing scripts as needed.
- I leveraged my expertise in automation testing and programming and was able to significantly improve the accuracy and efficiency of our testing processes, leading to improved product quality.

### INTERNSHIPS

#### Jun 2017 - Intern

##### Jun 2017 *Reliance Communications Ltd., Indore*

- Completed summer internship at Reliance Communications focused on networking and network security.
- Gained valuable knowledge and experience in the field of networking, including an understanding of network support and related tasks.
